Power for All
Project Manager, Jharkhand (India)
Job Description

ABOUT POWER FOR ALL
Power for All (powerforall.org) is an international NGO that advances decentralized renewable electrification (DRE) solutions as the fastest, most cost-effective and sustainable approach to universal energy access. It serves as a collective voice for businesses and civil society focused on solutions such as solar for home and business, mini-grids, and productive use appliances.

PROJECT MANAGER, JHARKHAND
Power for All is seeking a Project Manager to lead the work in Jharkhand, India. The Project Manager will support the vision of Power for All towards accelerating social and economic development through advancing decentralized renewable energy (DRE) solutions in the state. Through market activation, coalition forming, and awareness building, Power for All challenges business-as-usual (BAU) approaches to sustainable energy service delivery to provide reliable, affordable access, building the case for decentralized renewable energy as a fast, clean and affordable route to energy access to all.

ESSENTIAL DUTIES & RESPONSIBILITIES
- Develop and implement a strategic engagement plan based on Power for All’s objectives in the state of Jharkhand with clear outcomes
- Identify and recruit project partners, as well as retain and engage existing partners, including regular briefings, building partnerships with local stakeholders, including media, government agencies, DRE enterprises and civil society organizations
- Coordinate and meet with partners in the state on a regular basis, convening stakeholders, organizing workshops, reaching out to local media
- Develop and maintain “Power Maps”, an inventory system of institutions and influencers that identifies and prioritizes relevant decision-makers, institutions
- Support outreach to media to ensure dissemination of project messaging
- Manage CRM system for the project

QUALIFICATIONS & EXPERIENCE
- College degree or equivalent required
- Strong knowledge of the linkages between energy and other sectors, and contacts of people/organizations working in the space in Jharkhand, as well as influencers within the development landscape of the state
- 3-6 years of related work in the DRE sector or experience leading projects and building coalitions
- Coalition-building and/or coordinating diverse stakeholders to achieve common goals
- Project management of fast-moving programs and initiatives across distinct cultures
- Proficiency in English and Hindi, written and spoken.
ABILITIES & SKILLS

- Ability to communicate effectively verbally and in writing and act as a spokesperson for the organization
- Ability to execute integrated program strategies, combining both online and offline elements
- Ability to work with a range of people, from ministers to CEOs to start-up entrepreneurs
- Ability to travel within the state
- Fluency with word processing, spreadsheets, and CRM protocols
- Ability to work in fluid environments, and under tight deadlines

Starting Date: 1 June 2020
Status: 8 month fixed contract
To Apply: Send CV, a cover letter explaining interest, and relevant writing sample to
divya@powerforall.org with the subject line: “Application for Program Manager, Jharkhand”.
